

Acropora pulchra

Pocillopora spp.

Porites spp.

Light (yellow sun icon)

Temperature (red thermometer icon)

Host Physiology

AC = Antioxidant Capacity
C = Calcification
HB = Host Biomass
HP = Host Protein
R = Respiration

Symbiont Physiology

α = Apparent quantum yield
CH = Chlorophyll
CHc = Cell-specific chlorophyll
IC = Compensation irradiance
IK = Saturating irradiance

P = Photosynthesis
SB = Symbiont Biomass
SD = Symbiont Density
S:H = Symbiont : Host Biomass
